Cllr David Key (DK)	City of Edinburgh Council
Moira Nelson (MN)	SEStran
Lisa Freeman (LF)	SEStran
Jane Findlay (JF)	Fife Council
Karl Vanters (KV)	Midlothian Council
Catherine Hall (CH)	Network Rail
William Dove (WD)	NHS Fife
Des Bradley (DB)	Scotrail
Cllr Laura Murtagh	Falkirk Council

## Apologies:

Graham Meiklejohn	First Group
Gordon Mungall	SEStran Board Observer
John Yellowlees	Scotrail
Fiona Collie	Falkirk Council
James Fullarton	Scottish Borders Council
Doreen Steele	SEStran Non-Councillor Member
Scot Prentice	Scotrail

Ref.		Actions		
1.	Welcome and Introductions			
1.1	The chair welcomed the attendees and gave an overview of the new			
	forum which was formed through the merging of the previous			
	Sustainable, Rail, Bus and Air Forums.			
2.	Forum Aims and Objectives			
2.1	The attendees, who were seated at four different tables were then			
	provided with questions for discussion. The chair allowed 30 minutes for			
	the individual tables to work through the question topics, before feeding			
	back comments to the Forum.			
2.2	The question topics were as follows:			
2.2	The question topics were as follows.			
	1. What outcomes or deliverables would you like to see form the Forum?			
	Current examples in the draft terms of reference:			
	News updates via digital platforms			
	<ul> <li>Strategy development and input into NTS 2 (National Transport</li> </ul>			
	Strategy 2)			
	<ul> <li>Review of Travel Planning activity within the Region</li> <li>Refresh of the Regional Cycle Network Study</li> </ul>			
	<ul> <li>Travelknowhow Scotland Uptake and Promotion</li> </ul>			
	2. What format would you like information to be shared?			
	<ul> <li>What existing formats work for you?</li> </ul>			
	<ul> <li>What channels should we avoid?</li> </ul>			
	<ul> <li>Should we consider social media channels?</li> </ul>			
	3. What points should be included in the Terms of Reference?			
	Current examples in the draft terms of reference:			
	Provide a consultative role to Transport Scotland and seek			
	funding to support schemes in line with the Forum Vision			
	<ul> <li>Develop an understanding of the opportunities to improve integrated mobility</li> </ul>			
	<ul> <li>To collect and maintain information relating to regional transport</li> </ul>			
	network;			
	<ul> <li>To explore and promote the increased use of non-car based</li> </ul>			
	transport			
	<ul> <li>To work through partnerships to resolve passenger/commuter transport problems and avoid new ones arising,</li> </ul>			
	<ul> <li>To enable implementation of initiatives emerging from our EU</li> </ul>			
	funded research and development projects; and			
	To share information and methodologies with stakeholders and			
	other Forums e.g. Equalities/Healthcare groups and the Resilient			
	Economic Growth Forum			
	4. What future topics should we consider for the Forum?			

	Oursent averaging in the dualt target of references		
	Current examples in the draft terms of reference:		
	Public Transport and Integration		
	<ul> <li>Active Travel Promotion and Behavioural Change</li> </ul>		
	<ul> <li>Mobility as a Service</li> </ul>		
2.3	RS, BT, PJ and MC acted as spokespersons for their tables and fed		
2.0	back the following comments in relation to the questions posed:		
	Question 1.		
	<ul> <li>The groups agreed with the current examples in the draft terms</li> </ul>		
	of reference in relation to the question.		
	<ul> <li>NTS 2 aligned with the Regional Transport Strategy.</li> </ul>		
	Making integration seamless.		
	<ul> <li>Regional based projects – scope for the forum to be involved as</li> </ul>		
	sub-groups.		
	Looking at advancements in digital interfacing and technology.		
	Residential planning to ensure smooth transport routes/options.		
	Ensuring that accessibility is maximised.		
	Travel planning for businesses.		
	Sharing best practices with local authorities.		
	Electric bikes		
	Benefits of having mobility as a service.		
2.4	Question 2.		
2.4	Email (preference)		
	SharePoint		
	<ul> <li>How do we disseminate information from the Forum to the</li> </ul>		
	public?		
	<ul> <li>Information from stakeholders is essential – what projects are</li> </ul>		
	ongoing and how they best relate to each other.		
	<ul> <li>How should we advertise SEStran to the public?</li> </ul>		
	Social media		
	TV promotion		
	<ul> <li>Is a 6-month format too infrequent?</li> </ul>		
	Teleconferencing		
2.5	Question 3.		
	The table agreed with the bullet points already associated with		
	the question, however, the points might be too broad/all		
	encompassing. It would be beneficial to have more focused points in the Terms of Reference, to ensure that the Forum is		
	having the desired impact.		
	<ul> <li>Addressing issues in rural communities.</li> </ul>		
	<ul> <li>Initiate an exemplar pilot that can be shared amongst</li> </ul>		
	stakeholders.		
	<ul> <li>Supporting local authorities.</li> </ul>		
2.6	Question 4.		
	The table agreed with the bullet points associated with the		
	question.		
1			
	Low emission zones		

Emerging technology     Public transport operators engaging in data sharing.     Public transport operators engaging in data sharing.     The chair then asked LF to summarise the group responses.     The key points of LF's summary are listed below:         How do we input to policy?         Sub-groups to engage with consultations.         Best practice – exemplar projects.         Keeping things digital – exploration of knowledge hub as a platform.         Teleconferencing facilities for those unable to attend the Forum.         Terms of Reference - "Seamless journey, regardless of mode"         Technology         Presenting good practice examples.     JG added that although SEStran no longer have individual forums for bus and rail, delegates are welcome to request items for upcoming agendas that relate to these specific modes.     JE Discussion Topic 1 – Edinburgh Local Transport Strategy, Low     Emission Zones and City Centre Transformation     Sc and GM presented the above (on behalf of Steven Murrell).     Discussion Topic 2 – Bus/Train interface issues – a round table discussion based on topics of invest. DB initiated the discussion based on topics of invest. DB initiated the discussion based on topics of invest. Start are and upcoming cark park expansions at various stations.     A lengthy discussion then followed regarding accessibility and integrated mobility at stations.     A lengthy discussion then followed regarding accessibility and integrated mobility at stations.     A lengthy discussion the followed the discussion.     For the chair rounded up and reviewed the discussion.     If the chair rounded up and reviewed the discussion.     If the chair rounded up and reviewed the discussion.     If the chair rounded up and reviewed the discussion.     If the next meeting.     The date for the next meeting is yet to be scheduled, but this will be held		Accessibility
