

Unaudited Annual Accounts 2019/20

1. Introduction

1.1 This report presents present the unaudited Annual Accounts for the year ended 31st March 2020. The unaudited accounts are appended.

2. Main Report

- **2.1** The unaudited Annual Accounts are submitted to the Partnership in accordance with the Local Authority Accounts (Scotland) Regulations 2014. The accounts are subject to audit and the audited Annual Accounts, incorporating the Auditor's report, will be presented to the Performance and Audit Committee and Partnership Board in due course.
- **2.2** The Treasurer's opinion on the effectiveness of the Partnership's system of internal financial control is provided within the Annual Governance Statement on pages 6 to 8. The Treasurer's opinion is informed by the work of Internal Audit and managers in the Partnership.
- **2.3** The Management Commentary is on pages 2 to 4 of the Annual Accounts. This highlights key aspects of financial performance during the year. The unaudited underspend is £163,000, which comprises an underspend of £13,000 on the Core revenue budget and slippage of £150,000 on the Projects budget. Under the Partnership's Reserves Policy, it is planned to carry forward these balances to 2020/21.

3 Recommendations

It is recommended that the Performance and Audit Committee:

- **3.1** note the unaudited Annual Accounts for 2019/20 and refer the Unaudited Accounts to the Partnership Board for review;
- **3.2** notes that the audited Annual Accounts, incorporating the Auditor's report, will be presented to the Performance and Audit Committee and Partnership Board in due course.

Hugh Dunn

Treasurer 5th June 2020

Management Commentary

1. Basis of Accounts

The Partnership prepares its Annual Accounts in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom. The Code of Practice is based on International Financial Reporting Standards (IFRS).

2. Statutory Background

The South East of Scotland Transport Partnership (SESTRAN) was established under the Regional Transport Partnerships (Establishment, Constitution and Membership) (Scotland) Order 2005. The Partnership came into force on 1st December 2005. Under Section 3 of the Transport (Scotland) Act 2005, the net expenses of SESTRAN, after allowing for government grant and any other income, are met by its constituent councils.

In accordance with Section 122 of the Transport (Scotland) Act 2019, which allows Regional Transport Partnerships to carry forward reserves, the Partnership has now established a General Fund reserve. This provision in the Transport (Scotland) Act 2019 came into effect on 19 March 2020, and is available to Regional Transport Partnerships for financial years 2019/20 and onwards.

3. Corporate Strategy

The following is an introductory extract from the Transport (Scotland) Act 2005, which established the Partnership; one of seven Scottish Regional Transport Partnerships (RTPs):

"An Act of the Scottish Parliament to provide for the setting up and functions of the new transport bodies and to enable the Scottish Ministers to discharge certain transport functions; to provide further for the control and co-ordination of road works and for the enforcement of the duties placed on those who carry them out; to set up national concessionary fares schemes; and to make other, miscellaneous modifications of the law relating to transport."

The Partnership aims to develop a sustainable transportation system for South East Scotland that will enable business to function effectively, and provide everyone living in the region with improved access to healthcare, education, public services and employment opportunities. These aims are embodied in the Regional Transport Strategy (RTS).

The constituent councils of the Partnership are the City of Edinburgh, Clackmannanshire, East Lothian, Falkirk, Fife, Midlothian, Scottish Borders and West Lothian.

SEStran's Vision Statement is as follows:

"A regional transport system that provides all citizens of South East Scotland with a genuine choice of transport which fulfils their needs and provides travel opportunities for work and leisure on a sustainable basis."

4. Risks and Uncertainties

The principal risks and uncertainties faced by the Partnership fall into two categories.

Firstly, there is the funding uncertainty faced by all local authorities and RTPs. The Partnership has a range of statutory duties to enact. While every attempt is made to do this within the budget provided, budget reductions may make this less achievable

The second category relates to changes in legislation leading to changes in the services to be delivered. This can create pressures from both a financial and organisational perspective.

5. Results for the Year

The Partnership is required to present its financial performance as a Comprehensive Income and Expenditure Statement. This can be seen on page 12. To show the net position of the Partnership and to allow comparison with the approved revenue budget, it is necessary to adjust the expenditure shown in the Comprehensive Income and Expenditure Statement to take account

Management Commentary (continued)

5. Results for the Year (continued)

The net revenue budget of the Partnership in 2019/20 was £0.972m, funded by Government Grant and Council Contributions. A comparison of the outturn position with the revenue budget is presented in the table below. Key aspects of financial performance in 2019/20 are:

- Overall the Partnership had an underspend of £163,000 which is shown in the table below. The underspend arose due to a combination of underspends on the core revenue budget, projects budget and the RTPI project budget;
- The Partnership incurred core service expenditure of £0.517m which was £67,000 below the revised Core Service revenue budget. This underspend mainly reflected decreased expenditure on staff costs, marketing costs and computer costs;
- The Partnership incurred expenditure of £1.528m on revenue projects and received external grants and contributions of £1.256m, resulting in net expenditure of £0.272m. Net expenditure was £36,000 under budget. The main favourable variance on the Projects revenue budget arose on the Sustainable and Active Travel grants programme;
- Expenditure of £31,000 on the Real-Time Passenger Information (RTPI) project was partly funded by contributions of £10,000 from other parties, resulting in net expenditure of £21,000. Net expenditure was £59,000 under budget.

	Revised		
	Budget	Outturn	Variance
	£'000	£'000	£'000
Core Service	584	517	(67)
Revenue Projects - Net Expenditure	308	272	(36)
RTPI Project - Net Expenditure	80	21	(59)
Net Interest	0	(1)	(1)
Total Expenditure 2019/20	972	809	(163)
Government Grant Constituent Council Requisitions	(782) (190)	(782) (190)	0 0
Total Government Grant and Council Contributions 2019/20	(972)	(972)	0

In accordance with the provisions of the Transport Scotland (2019) Act, the Partnership has agreed a Reserves Policy and established an unallocated reserve of £13,000 and an earmarked balance of £150,000 to meet slippage on project delivery from 2019/20 to 2020/21.

Non Financial Results

During 2019/20, the Partnership published a Main Issues Report that sets out issues for the next Regional Transport Strategy.

The Partnership remained successful in attracting funding and delivering region-specific strategies, studies and services of benefit to transport users and partners across the region.

- The Partnership delivered the SEStran Strategic Network study, providing a framework for active travel routes across the region, including further design for a route from Cameron Toll to the BioQuarter, with funding from Transport Scotland;
- Sustrans Scotland funding was used to allow the Partnership to complete feasibility studies for Winchburgh to Kirkliston, Sheriffhall to the BioQuarter, and Kirkcaldy to Buckhaven routes;
- A GO e-bike share system for four hubs across East Lothian and Midlothian, utilising match funding from Low Carbon Travel and Transport Fund. An additional grant from Transport Scotland was used towards e-bike hubs and facilities in Edinburgh and Scottish Borders;

Management Commentary (continued)

5. Results for the Year (continued)

Non Financial Results (continued)

- Transport Scotland's direct Active Travel funding allowed the Partnership to conclude five feasibility studies for key routes in the region, including A701 Straiton to The Bush, A9 Larbert to Stirling, Dalkeith, Shawfair and Little France. Additionally, the technical design for the Kirkcaldy to Buckhaven route and a placemaking design for Alloa town centre were delivered;
- The Thistle Assistance scheme was rebranded, with a new app, website and awareness campaign and 10,000 new cards issued. This was made possible through Scottish Enterprise and Transport Scotland funding. The concept for an inclusive Journey Planning App was also developed, for users with a wide range of technology adaptation and accessibility needs;
- With support and funding from Inclusion Scotland, the Partnership was able to offer a short-term Marketing Internship that commenced in November 2019;
- - SHARE-North funding was utilised to promote shared mobility, through Tripshare SEStran and GO e-Bike in particular. The Partnership also exchanged knowledge with SHARE-North partners for the implementation of Mobility Hubs;
- PriMaaS funding allowed the Partnership to begin exchanging knowledge and best practice in the development of regional policies to support Mobility-as-a-Service;
- Surflogh funding was used to continue the first mile / last mile sustainable delivery trial with ZEDIFY, moving an average of one pallet of goods per day in the central Edinburgh area;
- BLING funding enabled further development of the Blockchain pilot being run through the University of Edinburgh, testing the potential to use this technology to support the sustainable movement and consignment of small goods in a real-world setting;
- Funding from Transport Scotland's LEZ support fund enabled the Partnership to complete a Park and Ride Strategy, a Mobility Hubs Strategy and Demand Responsive Transport study. The funding also enabled investment in assets for the RTPI system;
- Local Rail Development Fund support from Transport Scotland was used to deliver a multi-modal transport appraisal for Newburgh, in partnership with the Newburgh Train Station Group and Fife Council.

6. Future Developments

The impacts from Covid-19 on the Partnership were first noted towards the end of the 2019/20 year, with the advent of fully home-based working. Ensuring the health, safety and well-being of staff remains the utmost priority and the organisation will respond to all physical distancing requirements set out by Government, once a return to office-based working is safe and possible.

Through some modifications to project methodologies and by making the most of available technologies to support consultation, engagement and project meetings, it has so far been possible to progress all areas of the Partnership's work.

However, the impacts from Covid-19 on the entire transport sector, and the context in which all the Partnership's work is progressed, are very significant. It is too early to confirm how regional transport strategic planning, delivery and operations will need to respond, but some impacts and changes may last for years to come. Covid-19 is therefore rightly recognised within the Main Issues Report and will be considered within the development of the new Regional Transport Strategy.

The Partnership, alongside other RTPs in Scotland, will continue to work closely with Transport Scotland and partner Councils to continually re-evaluate and respond to the new context for transport as it evolves.

It is considered appropriate to adopt a going concern basis for the preparation of the Annual Accounts.

STATEMENT OF RESPONSIBILITIES FOR THE ANNUAL ACCOUNTS

The Partnership's Responsibilities

The Partnership is required:

- to make arrangements for the proper administration of its financial affairs and to secure that the proper officer has the responsibility for the administration of those affairs. In this Partnership, that officer is the Treasurer;
- to manage its affairs to secure economic, efficient and effective use of its resources and safeguard its assets;
- to ensure the Annual Accounts are prepared in accordance with legislation (The Local Authority Accounts (Scotland) Regulations 2014) and so far as is compatible with that legislation, in accordance with proper accounting practices (section 12 of the Local Government in Scotland Act 2003);
- to approve the Annual Accounts.

The Treasurer's Responsibilities

The Treasurer is responsible for the preparation of the Partnership's Annual Accounts in accordance with proper practices as required by legislation and as set out in the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom ('the Code').

In preparing the Annual Accounts, the Treasurer has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with legislation;
- complied with the Local Authority Accounting Code (in so far it is compatible with legislation)

The Treasurer has also:

- kept adequate accounting records which were up to date;
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

I certify that the Annual Accounts give a true and fair view of the financial position of the Partnership at the reporting date and the transactions of the Partnership for the year ended 31st March 2020.

Treasurer:

HUGH DUNN, CPFA

Date signed: 19th June 2020

ANNUAL GOVERNANCE STATEMENT 2019/20

1. Scope of Responsibility

The South East of Scotland Transport Partnership's aim is to develop a transportation system for South East Scotland as outlined in the Partnership's Regional Transport Strategy 2015-2025.

The Partnership is responsible for ensuring that its business is conducted in accordance with the law and appropriate standards, that public money is safeguarded and properly accounted for and used economically, efficiently, effectively and ethically. The Partnership also has a duty to make arrangements to secure continuous improvement in the way its functions are carried out.

In discharging these overall responsibilities Elected Members and Senior Officers are responsible for implementing proper arrangements for the governance of the Partnership's affairs and facilitating the effective exercise of its functions, including arrangements for the management of risk.

The Partnership has approved and adopted a Local Code of Corporate Governance which is consistent with appropriate corporate governance principles and reflects the requirements of the "Delivering Good Governance in Local Government: Framework (2016)".

This Statement explains how the Partnership delivers good governance and reviews the effectiveness of these arrangements. It also includes a statement on internal financial control in accordance with proper practice.

The Partnership's financial management arrangements conform to the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2016).

2. The Partnership's Governance Framework

The governance framework comprises the systems and processes, and culture and values, by which the Partnership is directed and controlled, and its activities through which it accounts to, engages with and influences the community. It enables the Partnership to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

The framework reflects the arrangements in place to meet the six supporting principles of effective corporate governance:

- Focusing on the purpose of the Partnership and on outcomes for the community, and creating and implementing a vision for the local area;
- Members and officers working together to achieve a common purpose with clearly defined functions and roles;
- Promoting values for the Partnership and demonstrating the values of good governance through upholding high standards of conduct and behaviour;
- Taking informed and transparent decisions which are subject to effective scrutiny and managing risk;
- Developing the capacity and capability of members and officers to be effective;
- Engaging with local people and other stakeholders to ensure robust public accountability.

A significant part of the governance framework is the system of internal control which is based on an ongoing process designed to identify and manage the risks to the achievement of the Partnership's policies, aims and objectives. These are defined in the Partnership's Business Plan, which is updated annually. This enables the Partnership to manage its key risks efficiently, effectively, economically and ethically.

ANNUAL GOVERNANCE STATEMENT 2019/20 (continued)

2. The Partnership's Governance Framework (continued)

Within the overall control arrangements the system of internal financial control is intended to ensure that assets are safeguarded, transactions are authorised and properly recorded, and material errors or irregularities are either prevented or would be detected within a timely period. It is based on a framework of regular management information, financial regulations, administrative procedures and management supervision.

While the system of internal control is designed to manage risk at a reasonable level it cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable, and not absolute, assurance of effectiveness.

3. Determining the Partnership's purpose, its vision for the local area and intended outcomes for the Community

The Partnership aims to develop a transportation system for South East Scotland which will enable businesses to function effectively and provide everyone living in the Region with improved access to health care, education, public services and employment opportunities. The vision for achieving this is outlined in the Regional Transport Strategy.

The Business Plan defines how to implement the aims of this strategy and the Annual Report provides a report of performance against objectives, targets and performance indicators as outlined in the Regional Transport Strategy.

4. Review of Effectiveness

The Partnership has put in place arrangements, detailed in the Local Code, for monitoring each element of the framework and providing evidence of compliance. A Principal Officer within the Partnership has been nominated to review the effectiveness of the Local Code .

The review of the effectiveness of its governance framework, including the system of internal financial control is informed by:

- the work of Internal Audit on the adequacy and effectiveness of the Partnership's control environment, governance and risk management frameworks;
- the Partnership Director's Certificate of Assurance on internal control;
- the operation and monitoring of controls by Partnership managers;
- the External Auditors in their Annual Audit Letter and other reports; and
- other inspection agencies comments and reports.

Through the year Elected Members and Officers have responsibility for the development and maintenance of the governance environment. These review mechanisms include:

- **The Partnership Board,** which provides strategic leadership, determines policy aims and objectives and takes executive decisions not delegated to officers. It provides political accountability for the Partnership's performance;
- The Performance and Audit Committee, which demonstrates the Partnership's commitment to the principles of good governance. It scrutinises the running of the Partnership and suggests improvements;
- Internal Audit provides an independent and objective assurance service to the Partnership, by completing one review in each financial year that is focused on the adequacy and effectiveness of controls established to manage a key risk of the Partnership;

ANNUAL GOVERNANCE STATEMENT 2019/20 (continued)

4. Review of Effectiveness (continued)

- **The External Auditor's Annual Audit Report** is considered by the Partnership Board and the Performance and Audit Committee, along with the output from other external audits and inspections;
- The risk management system requires that risks are regularly reviewed by the Performance and Audit Committee and Board. This ensures that actions are taken to effectively manage the Partnership's highest risks;
- **The Partnership Secretary** is responsible to the Partnership for ensuring that agreed procedures are followed. The Partnership has a contractual arrangement with an external Legal Services provider to ensure all applicable statutes and regulations are complied with.

5. Internal Audit Opinion

During the year, Internal Audit completed one review that assessed the design adequacy of governance arrangements and stakeholder engagement plans supporting the new Regional Transport Strategy (RTS) development and considered whether the project is being delivered in line with applicable guidance and legislative requirements. The design adequacy and operating effectiveness of key third-party supplier management controls in relation to third parties engaged to support the new RTS was also considered. The audit highlighted that whilst some moderate control weaknesses were identified in the design of the governance and risk management frameworks established to support delivery of the first stage of the RTS rewrite project, the established governance and risk management frameworks provided reasonable assurance that project risks are being managed and that the Partnership's objectives to deliver a new strategy based on Main Issues Report outcomes should be achieved.

6. Coronavirus Pandemic

The coronavirus pandemic has required changes to governance arrangements. This Governance Statement provides assurance over the governance arrangements that have been in place for the majority of 2019/20. The meeting of the Partnership, which was due to take place on 20th March 2020 was cancelled due to the pandemic. Decisions due to be taken at that meeting were dealt with as Items of Urgency under the provisions of the Partnership's Standing Orders; this after consultation with the Partnership Board. During the period of pandemic lockdown, the Partnership is planning to facilitate future meetings of the Partnership Board and Performance and Audit Committee using electronic technology.

7. Certification

In compliance with accounting practice, the Treasurer has provided the Partnership Director with a statement on the adequacy and effectiveness of the Partnership's internal financial control system for the year ended 31st March 2020. It is the Treasurer's opinion that reasonable assurance can be placed upon the adequacy and effectiveness of the Partnership's internal control system.

8. From this year's review, there is reasonable assurance that the Local Code of Corporate Governance is operating adequately, with overall compliance by the Partnership with its corporate governance arrangements.

REMUNERATION REPORT

1. Remuneration Policy for Senior Employees

The Partnership Board determines remuneration for senior employees with reference to the level of responsibility of the post. The Partnership does not operate a Remuneration Committee. Annual inflationary increases are based on those agreed by the Scottish Joint Negotiating Committee (SJNC) for Local Authority services.

2. Remuneration for Senior Councillors

The Partnership does not provide any remuneration to senior councillors. Expenses paid to Board members are detailed in note 19 to the annual accounts.

3. Management of Remuneration Arrangements

The remuneration of the Partnership's employees is administered by the City of Edinburgh Council, as part of a service level agreement with the Partnership.

4. Officers Remuneration

The numbers of employees whose remuneration during the year exceeded £50,000 were as follows:

Remuneration Bands	2019/20	2018/19
£70,000 - £74,999	0	1
£75,000 - £79,999	1	0
£95,000 - £99,999	0	1

5. Senior Employees Remuneration

The remuneration paid to the Partnership's senior employees is as follows:

	Salary, Fees and Allowances	Compensation	Total Remuneration 2019/20	Total Remuneration 2018/19
Name and Post Title	£	£	£	£
Jim Grieve - Partnership Director	78,994	0	78,994	74,975
George Eckton - Partnership Director to 29/11/18 *	0	0	0	99,896
	78,994	0	78,994	174,871

* full time equivalent 2018/19 salary - George Eckton (£79,661)

The senior employees detailed above have/ had responsibility for management of the Partnership to the extent that they have power to direct or control the major activities of the Partnership (including activities involving the expenditure of money), during the year to which the Remuneration Report relates, whether solely or collectively with other persons.

In 2018/19, the previous Partnership Director resigned on 29th November 2018. The Partnership's Head of Programmes undertook the duties of the Director's post until his appointment as Partnership Director on 3rd May 2019.

6. Senior Employees Pension Entitlement

The pension entitlement of the Partnership's senior employee(s) is as follows:

				Accrued pension	on benefits
In	year pension o	contributions		As at I	Difference from
	2019/20	2018/19		31 March 2020	31 March 2019
Name and Post Title	£	£		£'000	£'000
George Eckton -	0	11,885	Pension	0	18
Partnership Director (to 29/11/18)			Lump Sum	0	16
	0	11,885			

The senior employee shown in the table above is a member of the Local Government Pension Scheme (LGPS). The Partnership makes no pension contributions for Jim Grieve, nor is he in receipt of pension entitlement.

REMUNERATION REPORT (continued)

7. Pension Entitlement

Pension benefits for the Partnership's employees are provided through the Local Government Pension Scheme (LGPS). For the Partnership's employees, the Local Government Pension Scheme (LGPS) became a career average pay scheme on 1 April 2015. Benefits built up to 31 March 2015 are protected and based on final salary. Accrued benefits from 1 April 2015 will be based on career average salary.

The scheme's normal retirement age for employees is linked to the state pension age (but with a minimum of age 65).

From 1 April 2009 a five tier contribution system was introduced with contributions from scheme members being based on how much pay falls into each tier. This is designed to give more equality between the cost and benefits of scheme membership. Prior to 2009 contributions rates were set at 6% for all non-manual employees.

The tiers and members contributions rates for 2019-20 were as follows:

	Contribution
Whole Time Pay On earnings up to and including £21,800 (2018/2019 £21,300)	rate 5.50%
On earnings above £21,800 and up to £26,700 (2018/2019 £21,300 to £26,100)	7.25%
On earnings above £26,700 and up to £36,600 (2018/2019 £26,100 to £35,700)	8.50%
On earnings above £36,600 and up to £48,800 (2018/2019 £35,700 to £47,600)	9.50%
On earnings above £48,800 (2018/2019 £47,600)	12.00%

From April 2015, when allocating contribution rates to members, pensionable pay means the actual pensionable pay, regardless of hours worked.

There is no automatic entitlement to a lump sum for members who joined the scheme post April 2009. Members may opt to give up (commute) pension for lump sum or bigger lump sum up to the limit set by the Finance Act 2004.

The value of the accrued benefits has been calculated on the basis of the age at which the person will first become entitled to receive a pension on retirement without reduction on account of its payment at that age; without exercising any option to commute pension entitlement into a lump sum; and without any adjustment for the effects of future inflation - assuming that the person left the related employment or service as at 31st March in the year to which the value relates.

8. Exit Packages

Exit packages include compulsory and voluntary redundancy costs, pension contributions in respect of added years, ex-gratia payments and other departure costs.

	Number of	:	Number o	of	Total Numbe	er of	Total Co	st of
Exit Package	Compulsor	у	Other Agre	ed	Exit Packag	ges	Exit Packa	ges in
Cost Band	Redundanci	es	Departure	es	by Cost Ba	nd	Each Ba	ind
							£'000	£'000
All Cost Bands	0	0	0	0	0	0	0	0
	0	0	0	0	0	0	0	0

All information disclosed in the tables at paragraphs 4, 5, 6 and 8 in this Remuneration Report will be audited. The other sections of the Remuneration Report will be reviewed by the appointed auditor to ensure that they are consistent with the annual accounts.

MOVEMENT IN RESERVES STATEMENT

This statement shows the movement in the year on different reserves held by the Partnership, analysed into "Usable Reserves" (that is, those that can be applied to fund expenditure) and "Unusable Reserves". The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Partnership's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance before any discretionary transfers to or from earmarked reserves undertaken by the Partnership.

	Usable F	Reserves		
2018/19 - Previous Year Year Comparative	General	Total	Unusable	Total

BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Partnership. The net assets of the Partnership (assets less liabilities) are matched by the reserves held by the Partnership. Reserves are reported in two categories. The first category of reserves are usable reserves, that is, those reserves that the Partnership may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use. The Partnership does not have powers to maintain a usable reserve. The second category of reserves are those that the Partnership is not able to use to provide services. This category of reserves include reserves that hold unrealised gains and losses (for example, the Capital Adjustment Account Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line "Adustments between accounting basis and funding basis under regulations".

Date signed: 19th June 2020

CASH FLOW STATEMENT

r

The Cash Flow Statement shows the changes in cash and cash equivalents of the Partnership during the reporting period. The statement shows how the Partnership generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flow arising from operating activities is a key indicator of the extent to which the operations of the Partnership are funded by way of government grant income, council requisitions and recipients of services provided by the Partnership. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Partnership's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (that is, borrowing) to the Partnership.

1. STATEMENT OF ACCOUNTING POLICIES

1.1 Accounting Policies

The Annual Accounts have been prepared in accordance with the International Financial Reporting Standards (IFRS) based Code of Practice in the United Kingdom (the Code). This is to ensure that the Annual Accounts "present a true and fair view" of the financial position and transactions of the Partnership.

The Annual Accounts have been prepared on an historic cost basis, modified by the valuation of pension assets and liabilities and property, plant and equipment, where appropriate.

1.2 Revenue Expenditure

Revenue expenditure is that which does not yield benefit beyond the year of account. In broad terms the revenue expenditure of the Partnership can be divided into two categories:

- employees;
- day-to-day operating expenses, includes costs incurred in respect of office accommodation transport, ICT, and project expenditure.

1.3 Revenue Income

Revenue income is that which does not yield benefit beyond the year of account. In broad terms the revenue income of the Partnership can be divided into the following categories:

- Council requisitions, which fund day to day expenditure;
- European Union and other grant income awarded to fund specific projects;
- other income recoveries to fund specific projects.

1.4 Accruals of Expenditure and Income

The revenue account has been prepared on an accruals basis in accordance with the Code of Practice. Amounts estimated to be due to or from the Partnership, which are still outstanding at the year end, are included in the accounts. Government Grants have been accounted for on an accruals basis.

1.5 Operating Leases

a) Leased-in assets

Rental payments under operating leases are charged to the Comprehensive Income and Expenditure Statement on a straight line basis over the life of the lease.

b) Leased-out assets

The Partnership has not identified any leased-out assets that fall under the definition of operating leases.

1.6 Overheads

The cost of service in the Comprehensive Income and Expenditure Statement includes the Partnership's overheads.

1.7 Charges to the Comprehensive Income and Expenditure Statement for use of non-current assets

Charges are made to the Comprehensive Income and Expenditure Statement for the use of non-current assets, through depreciation charges. The aggregate charge to individual services is determined on the basis of the assets used in each service.

1. STATEMENT OF ACCOUNTING POLICIES (continued)

1.8 Employee Benefits

Pensions

The Partnership is an admitted body to the Local Government Pension Scheme (LGPS) which is administered by the Lothian Pension Fund. The LGPS is a defined benefit statutory scheme, administered in accordance with the Local Government Pension Scheme (Scotland) Regulations 1998, as amended.

The Annual Accounts have been prepared including pension costs, as determined under International Accounting Standard 19 – Employee Benefits (IAS 19). The cost of service in the Comprehensive Income and Expenditure Statement includes expenditure equivalent to the amount of retirement benefits the Partnership has committed to during the year. Pensions interest cost and the expected return on pension assets have been included in the "Surplus or Deficit on the Provision of Services" within the Comprehensive Income and Expenditure Statement.

The pension costs charged to the Comprehensive Income and Expenditure Statement in respect of employees are not equal to contributions paid to the funded scheme for employees. The amount by which pension costs under IAS19 are different from the contributions due under the pension scheme regulations are disclosed in the Movement in Reserves Statement for the General Fund.

Pension assets have been valued at bid value (purchase price), as required under IAS19.

Under pension regulations, contribution rates are set to meet 100% of the overall liabilities of the Fund.

Accruals of Holiday Leave

Cost of service includes a charge for annual leave to which employees are entitled, but have not taken as at the Balance Sheet date. The Partnership is not required to raise requisitions on constituent councils to cover the cost of accrued annual leave. These costs are therefore replaced by revenue provision in the Movement in Reserves Statement for the General Fund balance by way of an adjusting transaction with the Accumulated Absence Account.

1.9 Non Current Assets

Property, Plant and Equipment

Property, Plant and Equipment is categorised into the following classes:

- Vehicles, plant and equipment;
- Assets under construction;

Recognition:

• Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment has been capitalised on an accruals basis;

Depreciation:

- Depreciation is provided on all Property, Plant and Equipment;
- The Partnership provides depreciation on its Property, Plant and Equipment from the month when it comes into use. Thereafter depreciation is provided on a straight line basis over the expected life of the asset. No depreciation is provided on Assets Under Construction.

Measurement:

Property, Plant and Equipment are included in the Balance Sheet at the lower of net current replacement cost or net realisable value in existing use, net of depreciation.

1.10 Government Grants and Other Contributions

• Revenue

Revenue grants and other contributions have been included in the financial statements on an accruals basis. Where such funds remain unapplied at the Balance Sheet date, but approval has been given to carry these funds forward to the next financial year, the funds have been accrued.

1. STATEMENT OF ACCOUNTING POLICIES (continued)

1.10 Government Grants and Other Contributions (continued)

• Capital

Capital grants and contributions are recognised in the Comprehensive Income and Expenditure Statement, except to the extent there are conditions attached to them that have not been met.

Where there are no conditions attached to capital grants and contributions, these funds are a reconciling item in the Movement in Reserves Statement by way of an adjusting transaction with the capital adjustment account where expenditure has been incurred and the unapplied capital grants account, where expenditure has not been incurred.

Where there are outstanding conditions attached to capital grants and contributions that have not been met by the Balance Sheet date, the grant or the contribution will be recognised as part of capital grants in advance. Once the condition has been met, the grant or contribution will be transferred from capital grants received in advance and recognised as income in the Comprehensive Income and Expenditure Statement.

1.11 Provisions

Provisions are made for liabilities of uncertain timing or amount that have been incurred.

The value of provisions is based upon the Partnership's obligations arising from past events, the probability that a transfer of economic benefit will take place, and a reasonable estimate of the obligation.

1.12 Reserves

Reserves held on the Balance Sheet are classified as either usable or unusable. Unusable reserves cannot be applied to fund expenditure. The Transport Scotland (2019) Act permits the Partnership to operate a usable reserve. In March 2020 a Reserves Policy was approved, permitting the Partnership to hold a general reserve with a minimum value of 5% of annual Core budget. Balances held in excess of 5% require to be reviewed annually in-line with risk/identified commitments. The Partnership also operates a General Fund reserve to manage slippage on approved Project budget delivery.

The Partnership operates the following unusable reserves:

a) Pension Reserve

The Partnership operates a Pensions Reserve Fund under the terms of the Local Government Pension Reserve Fund (Scotland) Regulations 2003. The Pension Reserve represents the net monies which the Partnership requires to meet its net pension liability as calculated under IAS 19, Employee Benefits;

b) Capital Adjustment Account

The Capital Adjustment Account represents movement in the funding of assets arising either from capital resources such as capital receipts, or capital funded directly from revenue contributions;

c) Accumulated Absences Account

This represents the net monies which the Partnership requires to meet its short-term compensated absences for employees under IAS19.

1.13 Financial Instruments

Financial Assets

Loans and receivables are initially measured at fair value and carried at their amortised cost. Annual credits to the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument.

Surplus funds held on behalf of the Partnership are managed by the City of Edinburgh Council under a formal management agreement in a pooled investment arrangement.

1. STATEMENT OF ACCOUNTING POLICIES (continued)

1.14 Cash and Cash Equivalents

Cash and cash equivalents include:

• Credit and debit funds held in banks

1.15 Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Partnership a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Partnership.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

1.16 Value Added Tax

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs.

1.17 Events After the Reporting Period

Events after the reporting period are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Annual Accounts are authorised for issue.

Two types of events can be identified:

i) those that provide evidence of conditions that existed at the end of the reporting period - the Annual Accounts are adjusted to reflect such events;

ii) those that are indicative of conditions that arose after the reporting period - the Annual Accounts are not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Annual Accounts.

1.18 Short Term Debtors and Short Term Creditors

The revenue transactions of the Partnership are recorded on an accruals basis which means that amounts due to or from the Partnership, but still outstanding at the year end, are included in the accounts. Where there was insufficient information available to provide actual figures, estimates have been included.

1.19 Changes in Accounting Policies and Estimates and Errors

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Partnership's financial position or performance.

Changes in accounting estimates are accounted for prospectively; i.e. in the current and future years affected by the change.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

1.20 Going Concern

It is considered appropriate to adopt a going concern basis for the preparation of the Annual Accounts, given ongoing Regional Transport Partnership grant funding provided by Scottish Ministers under Section 70 of the Transport (Scotland) Act 2001 and constituent councils obligation to meet the net expenses of the Partnership under Section 3 of the Transport (Scotland) Act 2005.

2. EXPENDITURE AND FUNDING ANALYSIS

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources by the Partnership in comparison with those resources consumed or earned by the Partnership in accordance with general accounting practice. It also shows how this expenditure is allocated for decision making purposes between service areas. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement (CIES) (see page 12).

Expenditure and Funding Analysis

	Net Expenditure Chargeable to the General Fund	Adjustments	Net Expenditure in the CIES
2019/20	£'000	£'000	£'000

Other Income and Expenditure				
Net pension interest cost	0	19	0	19
(Surplus) or deficit on the provision of services	70	78	(1)	147

• Adjustments for capital purposes include the removal of depreciation and impairment costs, and the inclusion of capital funded from current revenue.

• Net changes for pensions adjustment relates to the adjustment made for the removal of IAS19 Employee Benefits pension related expenditure and income with the pension contributions.

• Other differences relate to the reversal of the value of entitlement to accrued leave.

2. EXPENDITURE AND FUNDING ANALYSIS (continued)

Total Income	(2,296)	(1,323)
(Surplus) or Deficit on the Provision of Services	(66)	147
D 24		

3. ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT NOT YET ADOPTED

The Code requires the disclosure of information relating to the impact of an accounting change that will be required by a new standard that has been issued but not yet adopted. This applies to the adoption of the following new or amended standards within the 2020/21 Code. For 2020/21 the following accounting policy changes that need to be reported relate to:

- Amendments to IAS 28 Investments in Associates and Joint Ventures: Long-term Interests in Associates and Joint Ventures,
- Annual Improvements to IFRS Standards 2015–2017 Cycle and
- Amendments to IAS 19 Employee Benefits: Plan Amendment, Curtailment or Settlement.

The Code does not anticipate that the above amendments will have a material impact on the information provided in the Partnership's Annual Accounts.

4. CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out in Note 1, the Partnership has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Annual Accounts are:

- There is high degree of uncertainty about future levels of funding for local government. The Partnership has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Partnership might be impaired as a result of a need to reduce levels of service provision.
- Local Government Pension Scheme Guaranteed minimum pension (GMP). The interim solution to avoid inequalities between men and women's benefits following the introduction of the Single State Pension in 2016 has resulted in a recalculation of pension liabilities relating to the estimated impact of GMP indexation changes. The increased liability of £4,000 at 31 March 2019 has been reflected in the rollforward pension liability at 31st March 2020. The increased liability has been reflected as a past service cost (refer to Note 24 Defined Benefit Pension Schemes). This is an estimate which will be revised at the upcoming valuation.
- Local Government Pension Scheme (LGPS) McCloud judgement. Legislation requires the LGPS to undertake periodic valuations to monitor the cost of the LGPS to ensure it remains sustainable and affordable. The cost management process has been paused following the Court of Appeal ruling that the transitional arrangements in both the Judges' Pension Scheme (McCloud) and Firefighters' Pension Scheme (Sargeant) were age discriminatory. These cases could have knock on implications for the LGPS (potentially increasing the liabilities). The Partnership's actuary has included an estimate within the pension liability as a past service cost (refer to Note 24 Defined Benefit Pension Schemes) which will be subject to future revision as the outcome of the judgement becomes clearer. No further adjustment for McCloud is included in the 2019/20 calculations. For those employers who already made an estimated McCloud allowance in 2018/19, the actuary do not believe there is any significant new information about the possible McCloud remedy to justify further changes to the figures (and further costs to employers).

5. ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Annual Accounts contains estimated figures that are based on assumptions made by the Partnership about the future or events that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Partnership's Balance Sheet at 31 March 2020 for which there is a significant risk of material adjustment in the forthcoming financial year are:

5.1 Pension Liabilities

Uncertainties

Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Partnership with expert advice about the assumptions to be applied.

Effect if Actual Result Differs from Assumptions

Formal actuarial valuations are carried out every three years, where each employer's assets and liabilities are calculated on a detailed basis, using individual member data, for cash contribution setting purposes. For 31 March 2020, it is difficult to comment on how a 'typical' LGPS employer's balance sheet may compare to March 2019. For all LGPS Funds, investment returns have been significantly lower than expected (particularly in the last 2 months of the accounting period) which has served to worsen the balance sheet position. The effect of this will have been at least partly offset by a higher net discount rate which serves to reduce the value placed on the obligations (corporate bond yields are at a similar level to 2019 but inflation expectations are significantly lower).

Under accounting guidance, employers are expected to disclose the sensitivity of the valuation to key assumptions. The following table shows the sensitivity of the results to the changes in the assumptions used to measure the scheme liabilities. Approximate percentage changes and monetary values are shown:

	Approximate % increase to	Approximate monetary
	Defined Benefit Obligation	amount
	%	£000
0.5% decrease in Real Discount Rate	12%	350
0.5% increase in the Salary Increase Rate	3%	90
0.5% increase in the Pension Increase Rate	9%	252

6. EVENTS AFTER THE BALANCE SHEET DATE

The Unaudited Annual Accounts were authorised for issue on 19th June 2020. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provide information about conditions existing at 31 March 2020, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information. There were no events which took place after 31st March 2020 which would materially affect the 2019/20 Annual Accounts. The impact of the COVID-19 pandemic, which began in March 2020, when Partnership employees moved to remote working, was before the end of the reporting period. It is likely that the impact on the Partnership's Annual Accounts for 2019/20 will be non-adjusting. The short, medium and long-term consequences may give rise to changes in service provision which, if arising, will be considered and reported to the Partnership during 2020/21. Further narrative to the pandemic and impact to the Partnership is referenced within the Management Commentary.

7. ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments that are made to the total Comprehensive Income and Expenditure Statement recognised by the Partnership in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Partnership to meet future capital and revenue expenditure.

	Usable Reserves		Unusable R	eserves	
2019/20	General Fund Balance	Capital Adjustment Account	Accumulated Absence Account	Pension Reserve	Movement in Unusable Reserve
Adjustments primarily involving the <u>Capital Adjustment Account</u>	£'000	£'000	£'000	£'000	£'000
Reversal of items debited or credited to the Comprehensive Income and <u>Expenditure Statement (CIES)</u>					
Charges for depreciation and impairment of non-current assets	141	(141)			(141)
Insertion of items not debited or credited to the Comprehensive Income and <u>Expenditure Statement (CIES)</u>					
Contributions credited to the CIES that have been applied to capital financing	(98)	98			98
Adjustments primarily involving the <u>Pensions Reserve</u>					
Reversal of items relating to retirement benefits debited or credited to the CIES	131			(131)	(131)
Employer's pension contributions and direct payments to pensioners payable in the year	(81)			81	81
Adjustments primarily involving the <u>Accumulated Absence Account</u>					
Amount by which officer remuneration charged to the CIES on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	4		(4)		(4)
Total Adjustments	97	(43)	(4)	(50)	(97)

7. ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS (continued)

This note details the adjustments that are made to the total Comprehensive Income and Expenditure Statement recognised by the Partnership in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Partnership to meet future capital and revenue expenditure.

	Usable Reserves	es Unusable Reserves			
2018/19	General Fund Balance	Capital Adjustment Account	Accumulated Absence Account	Pension Reserve	Movement in Unusable Reserve
Adjustments primarily involving the <u>Capital Adjustment Account</u>	£'000	£'000	£'000	£'000	£'000
Reversal of items debited or credited to the Comprehensive Income and <u>Expenditure Statement (CIES)</u>					
Charges for depreciation and impairment of non-current assets	119	(119)			(119)
Insertion of items not debited or credited to the Comprehensive Income and <u>Expenditure Statement (CIES)</u>					
Contributions credited to the CIES that have been applied to capital financing	(49)	49			49
Adjustments primarily involving the <u>Pensions Reserve</u>					
Reversal of items relating to retirement benefits debited or credited to the CIES	134			(134)	(134)
Employer's pension contributions and direct payments to pensioners payable in the year	(56)			56	56
Adjustments primarily involving the <u>Accumulated Absence Account</u>					
Amount by which officer remuneration charged to the CIES on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	(1)		1		1
Total Adjustments	147	(70)	1	(78)	(147)

8. TRANSFERS TO/FROM EARMARKED RESERVES

In accordance with the provisions of the Transport Scotland (2019) Act, the Partnership has agreed a Reserves Policy. An earmarked balance of £150,000 has been established to meet slippage on project delivery from 2019/20 to 2020/21.

9. FINANCING AND INVESTMENT INCOME

	2019/20 £'000	2018/19 £'000
Interest income on plan assets	(53)	(54)
Interest Received	(1)	(1)
Pensions interest cost	75	73
	21	18

10. TAXATION AND NON SPECIFIC GRANT INCOME

	2019/20 £'000	2018/19 £'000
Government Grant	(782)	(782)
Constituent Council Requisitions	(190)	(150)
	(972)	(932)

11. PROPERTY, PLANT AND EQUIPMENT

11.1 Movements on balances:

Movements in 2019/20 Cost or Valuation	Vehicles Plant and Equipment £'000	Assets Under Construction £'000	Total Property Plant and Equipment £'000
At 1st April 2019	827	0	827
Additions	28	70	98
Revaluation increases/(decreases) recognised in the Surplus/Deficit on the Provision of Services	(64)	0	(64)
At 31st March 2020	791	70	861
Accumulated Depreciation			
At 1st April 2019	(475)	0	(475)
Depreciation charge	(128)	0	(128)
Depreciation written out to the Surplus/Deficit on the Provision of Services	51	0	51
At 31st March 2020	(552)	0	(552)
Net Book Value At 31st March 2020	239	70	309

11. PROPERTY, PLANT AND EQUIPMENT (continued)

11.2 Movements on balances:

Comparative Movements in 2018/19 Cost or Valuation	Vehicles Plant and Equipment £'000	Assets Under Construction £'000	Total Property Plant and Equipment £'000
At 1st April 2018	778	0	778
Additions	49	0	49
At 31st March 2019	827	0	827
Accumulated Depreciation			
At 1st April 2018	(356)	0	(356)
Depreciation charge	(119)	0	(119)
At 31st March 2019	(475)	0	(475)
Net Book Value At 31st March 2019	352	0	352

11.3 Depreciation

The following useful lives have been used in the calculation of depreciation:

• Vehicles, plant and equipment: 4 - 5 years

The Partnership provides depreciation on its Property, Plant and Equipment from the month when it comes into use.

11.4 Capital Commitments

The Partnership has no capital commitments for 2020/21.

12. FINANCIAL INSTRUMENTS

12.1 Financial Instruments - Classifications

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Non-exchange transactions, such as those relating to government grants, do not give rise to financial instruments.

Financial Liabilities

A financial liability is an obligation to transfer economic benefits controlled by the Partnership and can be represented by a contractual obligation to deliver cash or financial assets or an obligation to exchange financial assets and liabilities with another entity that is potentially unfavourable to the Partnership.

The Partnership's financial liabilities held during the year comprised:

• Trade payables for goods and services received.

Financial Assets

A financial asset is a right to future economic benefits controlled by the Partnership that is represented by cash, equity instruments or a contractual right to receive cash or other financial assets or a right to exchange financial assets and liabilities with another entity that is potentially favourable to the Partnership.

The Partnership's financial assets held during the year comprised:

- Cash in hand,
- Cash and cash equivalents (Loans and receivables). The Partnership maintains its funds as part of the City of Edinburgh Council's group of bank accounts. Any cash balance is effectively lent to the Council, but is offset by expenditure undertaken by the City of Edinburgh Council on behalf of the Partnership. Interest is given on month end net indebtedness balances between the Council.
- Trade receivables for goods and services provided.

12.2 Financial Instruments - Balances

The financial liabilities disclosed in the Balance Sheet are analysed across the following categories

	Current	
	31st March	31st March
	2020	2019
	£'000	£'000
Trade creditors	565	557

The financial assets disclosed in the Balance Sheet are analysed across the following categories:

	Cui	Current	
	31st March	31st March	
	2020	2019	
	£'000	£'000	
	75	462	
Loans and receivables	758	462	
Trade debtors	g	156	
	767	618	

12. FINANCIAL INSTRUMENTS (continued)

12.3 Financial Instruments - Fair Values

The financial assets represented by loans and receivables are carried in the Balance Sheet at amortised cost. Since all of the Partnership's loans and receivables mature within the next 12 months, the carrying amount has been assumed to approximate to fair value. The fair value of trade and other receivables is taken to be the invoiced or billed amount.

The fair values calculated are as follows:

	31 March 2020		31 March 2019	
	Carrying	Fair	Carrying	Fair
Financial Liabilities	Amount	Value	Amount	Value
	£'000	£'000	£'000	£'000
Trade creditors	565	565	557	557
	31 March 2	020	31 March 20	019
	Carrying	Fair	Carrying	Fair
	Amount	Value	Amount	Value
Financial Assets	£'000	£'000	£'000	£'000
Loans and receivables	758	758	462	462
Trade debtors	9	9	156	158
	767	767	618	620

12.4 Income, Expenses, Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments are made up as follows:

Total expense and income in Surplus or Deficit on the Provision of Services:	31st March 2020 £'000	31st March 2019 £'000
Interest Income	1	1

13. DEBTORS

	31st March 2020 £'000	31st March 2019 £'000
Debtors:		
Central government bodies	504	27
Other local authorities	7	4
HM Customs and Excise - VAT	29	24
Other entities and individuals	233	459
	773	514

14. PROVISION FOR BAD DEBTS

Cost or Valuation	31st March 2020 £'000	31st March 2019 £'000
Opening Balance	0	0
Provision made during year	0	0
Unused amounts reversed during the year	0	0
Closing Balance	0	0

15. CASH AND CASH EQUIVALENTS

The balance of cash and cash equivalents is made up of the following elements:

	31st March 2020 £'000	31st March 2019 £'000
Bank account	151	279
	151	279

16. CREDITORS

	31st March 2020 £'000	31st March 2019 £'000
Central government bodies	(25)	0
Other local authorities	(89)	(5)
Other entities and individuals	(634)	(543)
Employee costs	(23)	(61)
	(771)	(609)

17. USABLE RESERVES

		31st March 2020 £'000	31st March 2019 £'000
17.1	Unallocated General Fund Reserve	13	0
17.2	Earmarked Balance - Project Budget slippage	150	0
		163	0

18. UNUSABLE RESERVES

		31st March 2020 £'000	31st March 2019 £'000
18.1	Capital Adjustment Account	309	352
18.2	Pension Reserve	(676)	(867)
18.3	Accumulated Absence Account	(10)	(6)
		(377)	(521)

18.1 Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Partnership as finance for the costs of acquisition, construction and enhancement.

	2019/20 £'000	2018/19 £'000
Balance at 1st April	352	422
Reversal of items related to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:		
 Charges for depreciation and impairment of non-current assets Charges for revaluation of non-current assets 	(141) 0	(119) 0
Net written out amount of the cost of non-current assets consumed in year	211	303
Capital financing applied in the year:		
 Contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing 	98	49
Balance at 31st March	309	352

18.2 Pension Reserve

The Pension Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Partnership accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Partnership makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a shortfall in the benefits earned by past and current employees and the resources the Partnership has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

18. UNUSABLE RESERVES (continued)

18.2 Pension Reserve (continued)

	2019/20 £'000	2018/19 £'000
Balance at 1st April	(867)	(662)
Remeasurements of the net defined benefit liability	241	(127)
Reversals of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement.	(131)	(134)
Employer's pension contributions and direct payments to pensioners payable in the year.	81	56
Balance at 31st March	(676)	(867)

18.3 Accumulated Absence Account

The Accumulated Absence Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, for example, annual leave entitlement carried forward at 31st March. Statutory arrangements require that the impact on the General Fund balance is neutralised by transfers to or from the Account.

	2019/20 £'000	2018/19 £'000
Balance at 1st April	(6)	(7)
Settlement or cancellation of accrual made at the end of the preceding year	6	7
Amounts accrued at the end of the current year	(10)	(6)
Balance at 31st March	(10)	(6)

19. MEMBERS EXPENSES

The Partnership paid the following amounts to members	during the year: 2019/20 £'000	2018/19 £'000
Expenses	0	1
	0	1

20. EXTERNAL AUDIT COSTS

The Partnership has incurred the following costs in relation to the audit of the Annual Accounts, certification of grant claims, statutory inspections and to non-audit services provided by the Partnership's external auditors:

Fees payable in respect of:	2019/20 £'000	2018/19 £'000
• external audit services carried out by the appointed auditor for the year	11	10
	11	10

21. GRANT INCOME

The Partnership credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement in 2019/20:

	2019/20 £'000	2018/19 £'000
Credited to Taxation and Non Specific Grant Income		
Scottish Government - Revenue Grant	(782)	(782)
Constituent Council Requisitions (Note 22.3)	(190)	(150)

Contribution - Scottish Borders Council	(8)	(1)
Contribution - Scottish Enterprise	(125)	0
Contribution - West Lothian Council		0
Contribution - HITRANS	(4)	(2)
Contribution - NESTRANS	(3)	(3)
Contribution - SUSTRANS	(163)	(110)
Contribution - SWESTRANS		0
Contribution - TACTRAN	(3)	(4)
Contribution - Transport Scotland	(843)	0
Contribution - ZETRANS		0
	(1,227)	(283)

22. RELATED PARTIES

The Partnership is required to disclose material transactions with related parties - bodies or individuals that have the potential to control or influence the Partnership or to be controlled or influenced by the Partnership. Disclosure of these transactions allows readers to assess the extent to which the Partnership might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Partnership.

22.1 Scottish Government

The Partnership receives grant-in-aid revenue funding through the Scottish Government. Grants received from the Scottish Government are set out in the subjective analysis in Note 21.

22.2 Members

Members of the Partnership have direct control over the Partnership's financial and operating policies. The total of members' expenses paid by the Partnership in 2019-20 is shown in Note 19.

22.3 Other Parties

During the year, the Partnership entered into the following transactions with related parties:

	2019/20 £'000	2018/19 £'000
Revenue Expenditure - Support Services		
City of Edinburgh Council - Financial Services/ Clerking	44	42

Total Debtors	773	514

23. LEASES

Operating Leases

From 8th February 2016 the Partnership took occupancy of Area 3D (Bridge) in Victoria Quay, Edinburgh under the terms of a Memorandum of Terms of Occupation (MOTO) with the Scottish Government, which forms part of the Civil Estates Occupancy Agreement (CEOA).

The Partnership signed a new MOTO and is permitted to occupy the space from 8th February 2019 to 7th February 2022 (the Prescribed Term) and so on until ended by either party giving notice under the terms of the CEOA. Both parties will, upon provision of not less than 1 year's prior written notice, have the ability to break this agreement.

During 2019/20, the Partnership entered into a contract with Henry Howard Finance Group to lease eight Apple iphones for staff use. The Partnership has the option to terminate the lease under no penalty if at least three months written notice is given.

During 2019/20, the Partnership entered into a contract with Ricoh UK Ltd to lease an office printer. The minimum term for this contract is 36 months before the Partnership has the option to terminate the lease under no penalty.

The Partnership's expenditure on lease payments during 2019/20 was £18,000 (2018/19 £27,000)

The minimum lease payments due under non-cancellable leases in future years are:

	2019/20 £'000	2018/19 £'000
Not later than 1 yearOver 1 year	18 1	18 0
	19	18

The Partnership has no other material operational leases.

24. DEFINED BENEFIT PENSION SCHEMES

24.1 Participation in Pension Schemes

As part of the terms and conditions of employment of its staff, the Partnership makes contributions towards the cost of post employment benefits. Although these benefits will not actually be payable until the employees retire, the Partnership has a commitment to make the payments that needs to be disclosed at the time that employees earn their future entitlement. As explained in Accounting Policy 1.8, the Partnership is an admitted body to the Local Government Pension Scheme (LGPS) which is administered by the Lothian Pension Fund.

The Partnership participates in:

- A funded defined benefit final salary scheme. This means that the Partnership and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.
- An arrangement for the award of discretionary post retirement benefits upon early retirement this is an unfunded defined benefit arrangement, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pension liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due.

24. DEFINED BENEFIT PENSION SCHEMES (continued)

24.2 Transactions Relating to Post-employment Benefits

The Partnership recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge that is required to be made is based on the cash payable in the year, so the real cost of post employment/ retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

Comprehensive Income and Expenditure	2019/20 £000	2019/20 £000	2018/19 £000	2018/19 £000
Statement Cost of services:				
Service cost, comprising:

24. DEFINED BENEFIT PENSION SCHEMES (continued)

24.6 Basis for Estimating Assets and Liabilities

Hymans Robertson, the independent actuaries to Lothian Pension Fund, have advised that the financial assumptions used to calculate the components of the pension expense for the year ended 31 March 2020 were those from the beginning of the year (i.e. 31 March 2019) and have not been changed during the year.

The principal assumptions used by the actuary in the calculations are:

Investment returns
 Total returns for the period from 1 April 2019 to 31 March 2020
 Mortality assumptions - longevity at 65 for current pensioners:

mortanty assumptions infigure, at us for current pensioners.		
Males	21.7 years	21.7 years
• Females	24.3 years	24.3 years
Mortality assumptions - longevity at 65 for future pensioners:		
Males	24.7 years	24.7 years
• Females	27.5 years	27.5 years
Pension increase rate	1.9%	2.5%
Salary increase rate (see below)	3.5%	4.2%
Discount rate	2.3%	2.4%

(4.2%)

2018/19

2019/20

Estimation of defined benefit obligations is sensitive to the actuarial assumptions set out above. In order to quantify the impact of a change in the financial assumptions used, the Actuary has calculated and compared the value of the scheme liabilites as at 31 March 2020 on varying bases. The approach taken by the Actuary is consistent with that adopted to derive the IAS19 figures.

The principal demographic assumption is the longevity assumption (i.e. member life expectancy). For sensitivity purposes, the Fund's Actuary has estimated that a one year increase in life expectancy would approximately increase the Employer's Defined Benefit Obligation by around 3-5%. In practice the actual cost of a one year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

24. DEFINED BENEFIT PENSION SCHEMES (continued)

24.7 Analysis of projected amount to be charged to profit or loss for the period to 31 March 2021

	Assets	Obligations	Obligations Net (liability) / asset	
	£000	£000	£000	% of pay
Projected current service cost	0	(87)	(87)	(42.7%)
Past service cost including curtailments	0	0	0	0.0%
Effect of settlements	0	0	0	0.0%
Total Service Cost	0	(87)	(87)	(42.7%)
Interest income on plan assets	50	0	50	22.2%
Interest cost on defined benefit obligation	0	(65)	(65)	(31.0%)
Total Net Interest Cost	50	(65)	(15)	(8.8%)
Total included in Profit or Loss	50	(152)	(102)	(51.5%)

The Partnership's estimated contribution to Lothian Pension Fund for 2020/21 is £60,000.

25. NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

The Partnership's activities expose it to a variety of financial risks:

- Credit risk the possibility that other parties might fail to pay amounts due to the Partnership;
- Liquidity risk the possibility that the Partnership might not have funds available to meet its commitments to make payments;
- Re-financing risk the possibility that the Partnership might be requiring to renew a financial instrument on maturity at disadvantageous interest rates or terms;
- Market risk the possibility that financial loss might arise for the Partnership as a result of changes in such measures as interest rate movements;
- Price risk the possibility that fluctuations in equity prices has a significant impact on the value of financial instruments held by the Partnership;
- Foreign exchange risk the possibility that fluctuations in exchange rates could result in loss to the Partnership.

Treasury Management is carried out on the Partnership's behalf by the City of Edinburgh Council. The Council's overall risk management procedures focus on the unpredictability of financial markets and implementing restrictions to minimise these risks. The Council complies with the CIPFA Prudential Code and has adopted the CIPFA Treasury Management in the Public Services Code of Practice.

Credit risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Partnership's customers.

The Partnership's surplus funds not immediately required to meet expenditure commitments are held with the City of Edinburgh Council, and the Partnership receives interest on revenue balances on these monies. As the Partnership's surplus funds are held with the City of Edinburgh Council, the counterparty default exposure is effectively nil.

All Partnership invoices become due for payment on issue, and all trade debtors are overdue less than a month. Collateral - During the reporting period the Partnership held no collateral as security.

25. NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS (continued)

Liquidity risk

The Partnership is required by statute to provide a balanced budget, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments. The arrangement with the City of Edinburgh Council ensures sufficient liquidity is available for the Partnership's day to day cash flow needs. The Council manages the Partnership's liquidity position through the risk management procedures above as well as through cash flow management procedures required by the Code of Practice.

Refinancing risk

The Partnership has only a small level of surplus funds and no long term debt. The refinancing risk to the Partnership relates to managing the exposure to replacing financial instruments as they mature. As such, the Partnership has no refinancing risk on its liabilities.

The Partnership has no investments with a maturity greater than one year.

Market risk

Interest rate risk

The Partnership is exposed to interest rate movements on its investments. Movements in interest rates have a complex impact on an organisation, depending on how variable and fixed interest rates move across differing financial instrument periods.

For instance, a rise in variable and fixed interest rates would have the following effects:

- borrowings at variable rates the interest expense charged to the Surplus or Deficit on the Provision of Services will rise;
- borrowings at fixed rates the fair value of the liabilities borrowings will fall;
- investments at variable rates the interest income credited to the Surplus or Deficit on the Provision of Services will rise; and
- investments at fixed rates the fair value of the assets will fall.

The Partnership currently has no borrowings. Changes in interest receivable on variable rate investments will be posted to the Surplus or Deficit on the Provision of Services and affect the General Fund Balance. However, all investments currently have a maturity of less than one year and the fair value has therefore been approximated by the outstanding principal.

The Partnership's surplus funds are held with the City of Edinburgh Council.

The Council's Treasury Management Team continue to monitor market and forecast interest rates during the year and adjust investment policies accordingly.

Price risk

The Partnership does not invest in equity shares.

Foreign Exchange risk

As at 31 March 2020, the Partnership had financial assets of £102,000 subject to foreign exchange risk. The foreign exchange loss or gain on these financial assets cannot be determined until 2020/21, when the Partnership is in receipt of the related grant income from the European Regional Development Fund. The Partnership has no financial liabilities denominated in foreign currencies.
