

SEStran Business Plan 2021-22 to 2023-24

1. INTRODUCTION

1.1 The purpose of this report is to update the Partnership Board on the Business Plan activity for the year April 2023 to March 2024

2. BACKGROUND AND CONTEXT

- 2.1 In March 2021 the Partnership introduced a three-year business planning approach.
- 2.2 As part of the three-year plan activity is updated each year via the activity plan which details key projects, the focus areas and critical success factors.
- 2.3 As part of the three-year plan the budget is updated and is included in the Activity Plan.
- 2.4 The Activity Plan aligns with the Project Performance tracking report produced quarterly throughout the year which monitors performance of the plan.
- 2.5 The draft Activity Plan was presented to and reviewed by Performance and Audit at the meeting on the 3rd of March 2023.

3. ACTIVITY FOR YEAR 2023/24

- 3.1 The Activity Plan for the current year to date and up to end March 2024 is outlined in Appendix 1.
- 3.2 The draft budget for the three-year plan period has been updated.

4. **RECOMMENDATIONS**

- 4.1 It is accordingly recommended that the Board:
 - (a) Note this report.
 - (b) Note the contents in Appendix 1 Activity Plan update.

Keith Fisken **Programmes Manager** 3rd March 2023

Appendix 1: Activity Update 23/24 Business Plan 2021-2024

Policy Implications	The Business Plan will align with SEStran's established and emerging policies
Financial Implications	The Business Plan will be subject to formal Board approval of proposed budgets in year 2021 – 22 and subsequent years.
Equalities Implications	No separate EQIA will be carried out as the Business Plan does not propose a change to SEStran's policies and procedures.
Climate Change Implications	The implications for Climate Change issues will be assessed at project level.

APPENDIX

GO SEStran

South East of Scotland Transport Partnership

Business Plan Activity Update April 2023 to March 2024

GO e-Bike				
Impact	Strategic objective	Key focus areas	2023/ 24 Actions	Critical Success Factor
	W G	Support GO e-Bike Community Hubs	Increase user numbers and monitor impact from hubs. Roll out GPS tracking to fleets to monitor usage and routes.	Cooperation from hub partners
healthier transport solutions for people.		GO e-Bike Public Hire/ Bewegen system	Work alongside other systems in Scotland to facilitate a sustainable solution to maintenance and marketing. Adapt to any changes as a result of market pressures on the supplier for goods or services, planning for sustainable future of scheme. Our main supplier has filed for bankruptcy protection to allow it to restructure so that it is better equipped to manage current economic pressures. We do not anticipate any major impacts on existing plans and are engaging with our solicitors, the supplier, other impacted RTPs, local authorities, customers and Transport Scotland to ensure a seamless transition to new arrangements.	
		•	Secure additional funding opportunities for further e-bike hubs	Availability of funding

Trial DRT as part of the MaaS pilot. Create a 'playbook' on optimal choices for procurement and governance of MaaS, DRT and related tech solutions for local authority and RTP partners. Conclude the PriMaaS implementation plan. Subject to funding extend MaaS and DRT pilots into 23/4 and beyond.	completion of relevant legal agreements. Successful funding bids to Smarter Choices Smarter Places, contributing councils and other bodies, and/or Transport Scotland. Successful procurement of partners for Year 2 onward of MaaS/DRT project.
Forum & Liaison Gro	oups			
Impact	Strategic objective	Key focus areas	2023/ 24 Actions	Critical Success Factor
SEStran Forums facilitate discussion and provide a platform for interested parties to formulate a regional voice in transport- related matters		Bring together interested parties and representative groups, across the following areas: Equalities and Access to Healthcare, Integrated Mobility (passenger), Freight and Logistics	Organise topical meetings for each forum events twice annually. Review membership of groups each year to ensure appropriate stakeholders and groups are able to influence and help address transport related issues in the region	stakeholders
Regional Partnershi	p working			
Impact	Strategic objective	Key focus areas	2023/ 24 Actions	Critical Success Factor
Through active and engaged partnership working, SEStran is		Continue to be involved in pressing transport issues and present a regional	Continue to be involved in transport related policy developments and respond to relevant consultations	Resource availability

able to ensure strategic and regional transport issues are a primary consideration within the development of a wide range of complementary plans and strategies and the development of strategic projects.		•	Organise stakeholder meetings to address various transport related issues	Cooperation from stakeholders
	example, delivering	Provide the Sustainable and Active Travel Fund to help organisations adopt sustainable transport solutions	Involvement of organisations	
Bus Partnership Dev	velopment			
Impact	Strategic objective	Key focus areas	2023/ 24 Actions	Critical Success Factor
The Bus Partnership Fund (BPF) is a £500m Transport Scotland capital fund for the delivery of infrastructure to tackle the impacts of congestion on bus priority and reliability. Bids can be made by partnerships working towards a Bus		complement the powers in the Transport (Scotland) Act 2019, which enables local authorities to leverage bus service improvements by working in partnership with bus operators towards	Finalise appraisal work for both partnerships and submit to Transport Scotland for gateway review. Subject to a positive review – develop options to detailed business case stage and design. Work with key stakeholders to progress Bus Service Improvement Partnership (BSIPs).	Final reports complete by end May 2023 June 2023 submitted To Transport Scotland for gateway review. Approval from Transport Scotland to move to next stage with funding.

Service Improvement Partnership (BSIP) status.		how bus services could be improved by addressing congestion and developing bus priority measures that may be part of a BSIP Partnership Scheme. STAG appraisals for Midlothian & Forth Valley bus alliances		
Regional Transport	Strategy (F	RTS)		
Impact	Strategic objective	Key focus areas	2023/ 24 Actions	Critical Success Factor
It is SEStran's statutory duty to create and maintain a Regional Transport Strategy. The strategy must be kept up to date to reflect the pace of the changes affecting the transport of people and goods. The RTS provides a regional framework for future developments and interventions.	& & E @ @	the RTS with all stakeholders and	Ongoing development of the Programmed Investment Plan. This will include 2023/24 budget updates. Development of a RTS Communications Plan linked to wider promotional and profile raising of SEStran and the RTS.	Online publication of RTS Completion and making available the PIP to stakeholders. Wide engagement and distribution of SEStran 2035. Approval and implementation of a communications plan

information from the Programmed Investment Plan.	
	 Approval and implementation of a delivery plan for 2023/24

Glossary

SEStran aims to use clear and inclusive language in our publications and reports, but some project names or specific terms aren't commonly used, and many policies use acronyms or abbreviated titles. This glossary is a quick reference point for uncommon terms and abbreviations.

Term or	
	Full title and meaning
BLING	' <u>Blockchain in Local Government</u> ' is a project in which SEStran is a partner testing how blockchain can support the delivery and distribution of goods
Blockchain	A system of using coordinated data checks to verify online information exchange – it allows for very secure online transactions
CoMoUK	<u>CoMoUK</u> is the name of a Trust that promotes shared and integrated mobility
COP26	The 26 th United Nations Climate Change Conference which is due to take place in Glasgow in November 2021
DRT	Demand Responsive Transport is generally used in the context of bus travel and indicates that the bus is responsive to where its passengers want to join and alight from the service. This has traditionally been the preserve of community transport providers, but is increasingly being used elsewhere by commercial bus operators to replace 'fixed-line' bus routes.
ECMA Interreg	The Consortium of <u>East Coast Main Line Authorities</u> (Councils, Combined Authorities and Regional Transport Partnerships) along the area served by the East Coast Main Rail Line <u>Interreg North Sea Region</u> is a European Funding programme that helps regional and local governments deliver better policy.
LEZ	<u>Low Emission Zones</u> - being introduced in four of Scotland's cities following provisions for local authorities contained in the Transport (Scotland) Act 2019
LRDF	Local Rail Development Fund – funding provided by Transport Scotland
MaaS	Mobility as a Service is a concept of integrating journey options, planning, ticketing and payment, allowing people to more freely choose between different modes of transport or operators
NTS2	The second <u>National Transport Strategy for Scotland</u> , launched in February 2020
PriMaaS	<u>PriMaas</u> is a project in which SEStran is a partner, testing how Mobiilty as a Service can assist in delivering more accessible and sustainable regional transport
RTPI	Real Time Passenger Information

RTS	Regional Transport Strategy. SEStran's current <u>RTS</u> is on our website
RTP	Regional Transport Partnerships - there are seven established across Scotland
SEStran	SEStran is the South East of Scotland Transport Partnership
SHARE- North	SHARE-North is a project in which SEStran is a partner – the name reflects the ambition to achieve more use of shared mobility solutions
STAR	Scottish Transport Applications and Research Conference
STPR2	<u>Second Strategic Transport Projects Review for Scotland</u> , led by Transport Scotland
SURFLOGH	<u>SURFLOGH</u> is a project in which SEStran is a partner. The project aims to stimulate sustainable and efficient 'last mile' deliveries in urban areas. The name comes from 'Sustainable Urban Freight Logistics Hubs'
